Durable Automatic Static Grounding Reel – Chemical Tank Truck Fuel Operations

Automatic retractable static grounding reel is made with high-quality materials and premium components, allowing for automatic retraction. Inside the casing, there is an automatic locking device to control the length of cable extension and retraction. The excellent retractable design minimizes space occupation, keeping your site tidy and making it convenient to use. The outer shell protection effectively prevents cable wear, prolonging its lifespan while maintaining smooth extension and retraction. With a 6-meter retractable working range, it can be flexibly secured without being limited by workspace constraints. The cable length can be adjusted within the specified range, allowing for 180-degree swing and a wide operating range.

Item No.: **HBSGR-01**

Name: Static Grounding Reel

Wire Length: 6 Meter

Wire Size: 2 x 1.5

Resistance: less than 60 ohms

Clamp: Aluminum or Bronze for option

HBLC – SG Series of Static Grounding Reels

The HBLC – SG Static Grounding Reel is designed to safely discharge static electricity during fuel transfer operations, commonly used on tanker trucks and in other fuel handling environments. It ensures a secure grounding path to prevent static buildup that can cause sparks or explosions.

Main Features:

Cable Specification: Stainless steel wire rope, Ø2mm (SUS304)

Clamp Material: High-quality copper alloy clamp (Provides excellent conductivity and corrosion resistance)

The reel's front cover and rear housing are made of high-quality cold-rolled steel sheets.

The front cover features a red baked enamel finish, while the rear housing is galvanized.

Retractable Cable Length Options: Available in 5m / 10m / 15m

Electrical Resistance: The resistance of the wire should not exceed 1 Ω to ensure reliable grounding.

Reference Standard: In accordance with the national standard GB7258 Standard

The reel rotate smoothly, and the steel wire rope extend and retract without any jamming or sticking.

Ordering Specifications:

Item No.	Wire Length	Type
HBLC - SG-05	5 Meters	Auto Retractable
HBLC - SG-10	10 Meters	Auto Retractable
HBLC - SG-15	15 Meters	Auto Retractable
